

SALISBURY SENDS
HIS ULTIMATUM

THE VENEZEULAN AUTHORITIES ARE CALLED UPON.

So Says The St. James Gazette Which Also States That England Has Issued Orders to Fortify the Frontier of British Guiana—Venezuela Is Also Arming—A Clash Threatened

London, Oct. 19.—The St. James Gazette says that Salisbury has sent an ultimatum to Venezuela.

London, Oct. 19.—The St. James Gazette has made some highly important and sensational statements regarding Venezuela which seem to show that the dispute between that republic and Great Britain has assumed a very grave aspect. It says that since the Rt. Hon. Joseph Chamberlain assumed office as secretary of state for the colonies he has paid close personal attention to the question of the relations between Great Britain and Venezuela and that he has taken the initiative in directing in part the administration of the affairs of Venezuela. Mr. Chamberlain's hand, it appears, has been felt in the local executive council and the St. James Gazette adds:

"We are now enabled to give the tenor of a remarkable dispatch in which is outlined the imperial policy towards the colonies. The order sent to the governor of British Guiana, Sir Charles Cameron Lees, was to obtain without delay a vote for the provision of two Maxim guns, one of which is to be stationed at Uruan or elsewhere along the frontier where the Venezuelan's may attempt to cross. The mere fact that Mr. Chamberlain cabled instructions for the defence of the frontier in this manner is positive proof that the imperial government will not tolerate a repetition of the Bruan incident, and that it intends to hold the frontier within the Schomburgk line by force is necessary."

LOOKS WARLIKE.

Interview with the Venezuelan Minister at Washington.

Washington, Oct. 19.—"This presents very grave conditions," said Minister Andrade, of Venezuela, as he read the cable from London giving the orders of Minister Chamberlain as to the military armament of the British Guiana frontier. The minister would not discuss the diplomatic phases involved, but he explained the location of the points mentioned in the cable, showing the significance and importance of Chamberlain's action.

Uruan, mentioned as the point to be fortified, the minister said, is on the river of that name. On one side of the river is a British post and on the other side a Venezuelan post. Last spring the British crossed the river, entered the territory near the Venezuelan post and raised the British flag. The Venezuelan soldiers thereupon arrested the British force and lowered the British flag. Then they crossed the river to the side claimed by the British, and it was asserted, committed some depredations on a house in the British post. The British force under arrest was soon released, and thereafter Venezuela paid for the damage done the house.

Venezuela Buying Arms.

New York, Oct. 19.—That the Venezuelan question is approaching an acute stage, with possibilities of resistance by the South American government to British aggression, was signified by disclosures made in New York to-day on the best authority. The government of Venezuela is providing itself with modern armament, and among other supplies has ordered ten improved Maxim guns from the British firm which manufactures them. The order was placed through an American firm, and the English house, it is supposed, does not know the destination of the goods. At the same time the syndicate of United States capitalists which has secured concessions on the Venezuelan gold lands claimed by Great Britain is preparing to send a large force of prospectors, miners, and workmen in the field.

Evangelical Conference Closes.

Elgin, Ill., Oct. 19.—At the fourteenth day's proceedings of the Evangelical conference yesterday a report on questions of law was submitted by the committee. Trustees of the Orphans' Home at Flat Rock, Ohio, were elected. A court of appeals were also elected. The conference requested the Missionary society to so amend its constitution as to provide for lay representation on the board of missions on a plan similar to that of the board of publication, which was done. Rev. C. A. Thomas, Cleveland, was elected president of the Missionary society. Conference adjourned sine die in the afternoon. Bishop Esher spoke the closing words, briefly expressing wishes for the success of all the officers elected and offering a fervent prayer.

Three Towns After Y. M. C. A. Meeting Chicago, Oct. 19.—Three towns made strong bids yesterday at the Y. M. C. A. state convention at Evanston for the convention of 1896. Galesburg, Monmouth and Sterling are all after it. The state executive committee will decide between them. The morning session was given up mostly to business and the afternoon and evening addresses

LEVEL RESTORED TO BUSINESS

Break in the Cotton Market Relieves the Trade Situation.

New York, Oct. 19.—R. G. Dun & Co.'s Weekly Review of trade says: "The events of the week are promising in nature, though to speculative markets not entirely encouraging. The great advance in cotton had arrested exports and so deranged exchanges that shipments of cotton were for a time apprehended, but the break in the market indicates that the natural movement of the product may soon be restored. The halting of demand and moderate yielding of prices in the great industrial markets show that a season of reasonable attention to natural conditions has arrived, and give hope that the future demand will be more nearly proportioned to actual consumption."

"The cotton market has been partly cornered for early delivery by a New Orleans operator and his followers, as it has been twice cornered in recent years by Liverpool speculators, who ended in failure. The estimate of Mr. Neill, who has been conspicuously correct in judging cotton crops, indicates a yield of 6,800,000 bales, where more speculators had expected much less, and led many to realize the meaning of 3,000,000 bales, brought over from last year. The actual receipts thus far, only 17 per cent less than last year, from a crop of 9,900,000 bales, fail to support low estimates, and spinners here and abroad with much unanimity refrain from buying largely at current quotations."

"Until the price recedes far enough to bring out a liberal supply of cotton bolls, there will be a possibility of gold exports, for other merchandise exports are small from New York for two weeks, 10 per cent less than last year, with imports in the two weeks of October 29 per cent larger than last year. In September dutiable imports were 54.2, and for the nine months 53.8 per cent larger than last year."

"Wheat does not go out freely, and the attempt to advance prices on Monday was followed by an immediate decline. The Atlantic exports, flour included, have been in the past three weeks 4,558,455 bushels, against 7,248,111 last year, and the big shipments from Russia and of late from Argentina show that the world is not yet obliged to pay Atlantic prices for American wheat. Western receipts for the week were remarkably large, 7,733,000 bushels, and for the three weeks 21,638,977 bushels, against 14,017,261 bushels last year. The rush of wheat to market and the largest output of flour ever known at Minneapolis are not evidence of a great shortage in yield, but the price has changed only an eighth for the week."

"Corn is stronger, without clear reason, for while exports in three weeks are last 3,326,234 bushels, against 236,705 bushels last year, they at best dispose of only an insignificant fraction of the great yield."

"The iron industry is still fully engaged on old orders, but new business is so scanty that many of the works are seeking it at some concessions in price, and only large contracts have been made at \$1.75 and \$1.80 for bridge plates, quoted at 1.9 to 2 cents. Quotations are not lower, though any good order commands some discount. Textile manufacturers have strong markets for materials to support them. But scarcely any advance is seen this week in cotton goods, though the rise for the month has averaged 4.1 per cent and there seems such a halt as appeared a month ago in iron products. The price of some worsteds has been advanced, because advanced abroad, but it is as questionable as ever how far the market can be held by domestic makers, and woolen manufacturers have to face not only foreign competition, but an especial tendency of popular demand toward worsted fabrics. Sales of wool, 21,219,700 pounds, at the three chief markets, against 13,702,800 pounds in 1893, greatly exceed actual consumption."

Failures for the week have been 263 in the United States, against 253 last year, and 46 in Canada, against 43 last year."

Railway Pay Car Wrecked.

Decatur, Ill., Oct. 19.—Word has reached here from Ceylon, seventeen miles south of here, that the pay car on the Grand Rapids and Indiana railroad was wrecked and three men killed and several badly injured. The dead are: JOHN MALOT.

JAMES GILSON.

WILLIAM BROWN. A gang of bridge workers had pushed their car on a switch to let the pay car pass, but neglected to close the switch, and the train running fifty miles an hour, dashed into them. Pay car and engine were wrecked. News from the wreck is very meager and it is believed several men are fatally hurt. The dead men reside here and have large families.

Ex-Gov. Beveridge Weaker.

Sandwich, Ill., Oct. 19.—The condition of ex-Governor John L. Beveridge has not changed in any perceptible degree from yesterday, with only the one exception, that he is gradually growing weaker. While there is a slight hope it seems now that it will only be a few days at most before he will have to surrender to the inevitable.

Run on a Duluth Bank.

Duluth, Minn., Oct. 19.—As a result of the defalcation of Cashier Charles Stuckey, of the State Bank, there was a mild run on that institution yesterday. The bank had plenty of cash on hand, and by meeting all claims stopped the run. Stuckey's parents live in Illinois and it is believed he has gone to them.

NEW ORLEANS FIRE
COST \$200,000

NATIONAL RYE MILL AND OTHER BUILDINGS BURN.

The Loss Will Be Fully the Sum Named But Is Covered By Insurance—E. W. Backus Lumber Company At Minneapolis Lose \$125,000—Ohio Town Destroyed.

New Orleans, Oct. 19.—Fire last night destroyed the National rye mill and four adjacent buildings. The loss is \$200,000 and is fully insured.

Minneapolis, Minn., Oct. 19.—The sawmill of the E. W. Backus Lumber Company burned last night. Loss, \$125,000; insurance, \$100,000. The origin of the fire is unknown. The mills were erected twelve years ago and had a daily capacity of 450,000 feet.

Ohio Town Destroyed by Fire.

Cincinnati, Ohio, Oct. 19.—Passengers arriving from the East on the Baltimore & Ohio Southwestern railway confirm the report that the town of Blanchester, Ohio, was wiped out by fire yesterday afternoon. The depot is just south of the town and while the whole of the business part of the town is in ashes some residences on the outskirts were saved and some goods from stores are piled up in the fields. The drought left all the cisterns used by the fire department dry and there was no water to use while the flames had their way. Owing to the interruption of communications particulars are not yet obtainable. No lives were lost.

Fatal Prairie Fire.

Rothsay, Minn., Oct. 19.—A great prairie fire swept along the Minnesota river destroying thousands of tons of hay, several houses, barns and granaries. Several farmers lost almost their entire crop and are left in destitute circumstances. When the flames swept upon the farm of Henry Timmerick Mrs. Timmerick left a 4-year-old child and ran to untie some horses. Before she could do this the little one had burned to death.

IS A GREAT SUCCESS.

Presbyterian Congress of Missions Attracts Large Crowd.

Peoria, Ill., Oct. 19.—The Presbyterian Congress of Missions held three largely attended sessions yesterday. The gathering was much of the nature of an experiment, but its success is assured. Over 3,000 people attended the opening meeting in the Tabernacle Thursday night, and congregations of over a thousand were present at both the day sessions. Last night another great mass meeting was held, and the interest in the congress is expected to grow until the climax in the great gathering Sunday night.

Dr. Bratton, chairman of the Sunday-school hour, made an address. He said the Sunday school was the starting point of all missionary work. It was the training school for the church, and for Christ's work.

Some misunderstanding having arisen as to the meaning of the new departure adopted by the synod in home mission work, it is explained that the final action of the synod was not the severance of relations with the home board of New York, but simply the adoption of a plan by which it is hoped greatly to increase the sums of money collected and give a definite sum to the national work instead of using it in the state, and by local control to secure greater interest in the work.

WILL KNOW TO-NIGHT.

Corbett-Fitzsimmons Tangle to Be Settled This Evening.

Hot Springs, Ark., Oct. 19.—The condition of affairs in the Corbett-Fitzsimmons prize fight tangle remains in statu quo, but the local end of the tangle will be unraveled this evening when the decision of Chancellor L. Leatherman will be given. The date of the fight has been postponed, but for how long is not announced. The attitude of Gov. Clarke and the inferences deduced from his recent utterances since being in Hot Springs caused no small degree of uneasiness here. The people of Hot Springs are determined that if there are any legal grounds upon which to stand the big contest shall come off.

To Meet Next Year at Nashville.

Muncie, Ind., Oct. 19.—The forty-eighth annual meeting of Olive Branch Synod of the Evangelical Lutheran Church and the Home and Foreign Missionary societies convened and closed last evening, to meet next year at Nashville, Tenn. The trustees of Wittenburg college presented a report to the effect that the school never before was so strong. Over 400 pupils are enrolled in the different departments. Recently an additional endowment of \$100,000 was pledged to the institution by the five synods. The delegates to the national meeting in Hagerstown, Md., made a report. It showed that there are 173,408 communicant members and 1,235 Sunday schools, with 193,298 members. The church contributed \$321,954 to benevolent societies during the past two years.

England May Land Troops.

London, Oct. 19.—The Rome correspondent of the Chronicle says that he has been assured in official circles that England intends to land troops in some part of Turkish territory if the Armenian reforms are not honorably executed.

WRECK AT KENOSHA
MAY KILL TWO MEN

BAD ACCIDENT IN THE NORTH-WESTERN YARDS.

Special Ran Into a Regular Freight Injuring Both Firemen, Killing Eighteen Steers and Smashing Up Twenty-Eight Cars—\$10,000 Fire At Brillion Last Night.

Kenosha, Wis., [Special].—Train No. 185 collided with a special in the Northwestern yards last night, demolishing both engines and wrecking twenty freight cars besides killing two men and injuring two.

PALMER, FRANK, fireman of the special.

FIREMAN, on the regular.

Palmer was crushed between the tender and the cab. He will die.

The other fireman was severely scalded by steam from a broken pipe. A misplaced switch caused the accident.

Big Fire at Brillion.

Brillion, Wis., Oct. 19.—[Special]. Fire last night destroyed Abram & Co.'s livery and nine horses. Also a brick building belonging to the Pabst Brewing Co., Thompson's store and saloon and a jewelry store. The loss is \$14,000 and the insurance \$6,000.

MISS WILLIARD'S ADDRESS MADE The Past Year Is An Encouragement For The Future.

Baltimore, Oct. 19.—After a prolonged and well-earned rest at the country home of Lady Henry Somerset, in England, Miss Frances Willard reappeared yesterday at the head of the vast organization of which she is president, and to whose upbuilding she, more than any other, has contributed. Her annual address was first on the program.

Miss Willard warmly congratulated the union on its work of the past year, enumerating many advances which had been made. Among other victories, the general assembly of the Presbyterian church has declared in favor of non-alcoholic wine for sacramental purposes. The bicycle is the most influential temperance reformer of the time, and milk is the favorite beverage of those who ride to win. Men who drink take less, and more men do not drink at all than in any previous year. The Canadian parliament has declared by an overwhelming majority in favor of prohibition; in South Australia and Utah women have been admitted to the full rights of citizens. Five legislatures last winter voted to submit this question to the people.

The constantly increasing participation of women in all the affairs of the world is of the utmost significance for good. Mother and child are rapidly taking their rightful place as the central figure of the great world problem.

The late Lord Chief Justice Coleridge of England said that "at a moderate estimate something like 95 per cent of the crimes tried in the courts are due to drink." The Catholic archbishop of Ireland has recently declared "that but for alcoholic stimulants Ireland would be practically without crime."

The action of the Methodist conferences in voting to admit women to the general conference is the largest straw on the current of the times.

The Polyglot petition, with its seven and a half million of names and endorsements, has this year been presented in America and England. Its journey will continue until it has borne the plea of the home to every government.

A union of reform forces is contemplated and the leaders have agreed to the following basis, which is commended to the good will of all White Ribbon women:

Direct legislation; the initiative and the referendum in national, state and local matters; the imperative mandate and proportional representation.

The election of president and vice president and of United States senators by direct vote of the people, and also of all civil officers, so far as practicable.

Equal suffrage without distinction of sex.

As the land is the rightful heritage of the people, no tenure should hold without use and occupancy.

Prohibition of the liquor traffic for beverage purposes, and governmental control of the sale for medicinal, scientific and mechanical uses.

All money—paper, gold and silver—should be issued by the national government only, and made legal tender for all payments, public or private, on future contracts, and in amount adequate to the demand of business.

The free and unlimited coinage of silver and gold at the ratio of 16 to 1.

The labor movement is the natural ally of the White Ribboners. The "working class" are the only true aristocrats. "He who will not work, neither shall he eat." Intemperance in our great cities pushes people into the tenement houses, and the misery and filth of the tenement houses pushes them into the saloons. I believe that the land belongs to the people, and that while the farmer's domain should not be interfered with, since he turns it to the beneficent use, a propaganda of education should be devised whereby the single tax and the issue of all money by the government itself should become two of the central planks in the platform of the party of the future.

A resolution adopted at the interna-

tional convention in London was the following: "Resolved, That we are unalterably opposed to the compulsory medical treatment of women under any circumstances when this is done in the interest of impure relations between man and woman." The legalizing of crime might do for other times, but not for the twentieth century.

The World's W. C. T. U. has established a department of amusements, and it is being perceived that until men and women together determine what amusements are helpful to the public the great domain of recreation must remain on a lower level than the society it claims to represent. The fact is, we can only purify art by purifying the artist.

An important part of the address is devoted to the situation in Armenia, and an urgent plea is made for the united efforts of women in collecting funds and circulating petitions for the relief of "our well nigh martyred Christian neighbors in Asia Minor." The invasion of Madagascar by the French is referred to with indignation. The queen is a devoted temperance woman. The formation of a department of politics for the purpose of influencing every party to help the home cause is urged.

Miss Willard holds to the idea she has advocated so long, viz., that the prohibition party should change its name to home protection party. She says that the use of the word prohibition as the name of a party has given an excuse to the pulpits of the land to cease from advocating the principles of prohibition. Fraternal messages are sent to the Catholic Total Abstinence Society, the Society of Jewish Women, the Christian Endeavor, the Women's Council, the Woman's Clubs and various other kindred organizations. It was stated that the membership shows a gain, notwithstanding the hard times, Pennsylvania being the banner state in this regard.

The report of the corresponding secretary is very favorable, and shows how widespread is the movement which focused in the Woman's Christian Temperance Union. She says: "From the itemized reports which have been received I glean these salient points, leaving the organizers to tell you of their individual work: 105 unions organized, with 2,794 active and 509 honorary members. The total of new members secured by these organizers, in both new and old unions, as recorded in official blanks, is about 5,000. This by no means exhausts the record of new members secured. Many states have carried on this work through their general officers or state organizers. The principal events which stand out in the year as the work of the national union, per se, are, first, the great meeting in Washington in February for the presentation of the polyglot petition; the school of methods at Mountain Lake park in July, and the temperance conferences at Chautauqua."

The treasurer's report shows an increase in membership over last year, although the present fiscal year only covers eleven months, against thirteen months included in last year's report. The total receipts of this year are: \$23,038.96; total expenditures, \$18,069.37, leaving a balance in the treasury after all bills are paid of \$4,979.59. Received for dues, \$14,757.29. When we take into consideration the extremely hard times in the financial world, and the fact that all philanthropic societies are behind in their receipts, this is a creditable showing.

South Carolina Wants Income Tax.

Columbia, S. C., Oct. 19.—In the convention yesterday an amendment was adopted to the article on taxation providing for the imposition of a graduated tax on incomes. Senator Tillman wanted to tax every dog \$1, the proceeds to go to the public schools, but the convention refused to adopt this or any other having the taxation of dogs in view. A bill to compel banks to pay a municipal tax on their capital stock was defeated, as the stock is supposed to be returned by the shareholders.

Seven Men May Have Perished.

Oscoda, Mich., Oct. 19.—The tug Petrel, owned by the H. M. Loud & Sons' Lumber Company, left this port Thursday morning to go twenty miles out in Saginaw bay to the fishing grounds, and has not been heard of since. The steamer Seattle and tug O'Brien have been looking for her, and both boats returned without any tidings. Grave fears are entertained that she is lost with all her crew of seven men.

Exports of Wheat and Flour.

New York, Oct. 19.—Bradstreet's says: "Exports of wheat from both coasts of the United States this week (flour included as wheat) amounted to 2,409,000 bushels, against 2,244,000 bushels last week, and as compared with 3,192,000 bushels in the same week a year ago, and with 3,270,000 bushels in the week of 1892."

Murderer Disappoints a Crowd.

Mount Pleasant, Ky., Oct. 19.—Bud Overton was to have hanged here yesterday for the murder of Gus Loed, an old peddler, and his wife. As it was to be the first legal hanging that ever took place in Harlan county, thousands expected to witness the execution. But the event was indefinitely postponed by the escape some weeks ago of Overton.

Short Cabinet Meeting.

Washington, Oct. 19.—All of the members of the cabinet were present yesterday at the first regular cabinet meeting since last May. The session lasted about two and a half hours.

DO NOT AGREE.

House of Bishops and Deputies Clash at Episcopal Convention.

Minneapolis, Minn., Oct. 19.—Yesterday was St. Luke's Day, and holy communion was celebrated in Gethsemane church in the morning. In the House of Deputies Dean Hoffman presented the report of the committee upon consecration of the bishops. He reported that there was some slight irregularity in the message announcing the nomination of Rev. J. M. Francis to be Bishop of Kioto, Japan, and no report could yet be made on it.

The House of Bishops voted to recall the message to the deputies announcing the creation of the missionary jurisdiction of Kioto, Japan, for the purpose of inserting the words, "The House of Deputies concurring." The Bishops were not prompt enough, however, for the deputies voted to return the message on the ground that it had no evidence that such a missionary jurisdiction had been legally erected. This presages a hot debate.

The House of Deputies spent most of the afternoon in secret session, discussing the question of setting a part of the northern part of Minnesota as a missionary district. The Minnesota delegation made some elaborate explanations and the deputies by an almost unanimous vote decided to concur with the Bishops in granting Minnesota's request. Then the deputies discussed a resolution introduced by Bradford Prince, of New Mexico, providing that in the future the name of the Savior shall not be used in any abbreviated form in the hymnal. There was a little discussion over this, many of the deputies thinking that some liberty should be given in this direction. The debate was still on at the hour of adjournment.

The House of Bishops spent some time discussing the canon on marriage and divorce, but reached no conclusion.

FOR CENTRAL AMERICA.

Memphis Defaulter and Wife Escape Leaving a \$200,000 Deficit.

Port Eads, La., Oct. 19.—A. K. Ward, the Memphis forger, and his wife were passengers on the steamer Breakwater which sailed from this port Thursday night for Central American ports. Ward was flush with money.

Memphis, Tenn., Oct. 19.—A comparison of notes by various interested parties shows that there is about \$100,000 of Ward's paper in Memphis. The remainder is held in other cities. Developments disclosed the fact that Ward has played the part of a double life to perfection. He maintained a palatial mansion on the Hernando drive, and to all appearances was attentive to his wife. At the same time he secretly maintained another residence in the city, which has been the scene of many orgies.

Dr. Frazer Indicted.

Richmond, Mo., Oct. 19.—The grand jury of Ray county yesterday returned four indictments against George W. Frazer, the alleged insurance swindler. Three of the indictments charge an attempt to obtain money under false pretenses. The fourth charges an attempt by fraudulent representations to cheat and defraud. Dr. Frazer is confined in the Ray county jail and his trial is set for next February.

Fort Wayne's Last Day.

Fort Wayne, Ind., Oct. 19.—Yesterday was the last day of the centennial celebration. Gov. Matthews and Commander-in-Chief E. S. Walker reviewed the companies of militia present in the morning and this afternoon there were two sham battles—one between the Indians and old settlers and the other in which 1,800 militiamen participated. The celebration closed at night with gorgeous display of fireworks.

Schweinforth Trial Continued.

Rockford, Ill., Oct. 19.—The trial of George Jacob Schweinforth, which was to have commenced next Monday, has been continued until Oct. 28, because of the inability of some of the witnesses for the state who live at a distance to reach here. The trial of Frank Wise, for the killing of his father, takes its place on the trial list next Monday.

President Pardons Van Leuven.

Washington, Oct. 19.—A pardon has been granted by the president to George M. Van Leuven, sentenced in Iowa to imprisonment for two years and \$1,000 fine for violation of the pension laws. Van Leuven is one of the most celebrated of all pension frauds cases, being an attorney with an extensive pension practice.

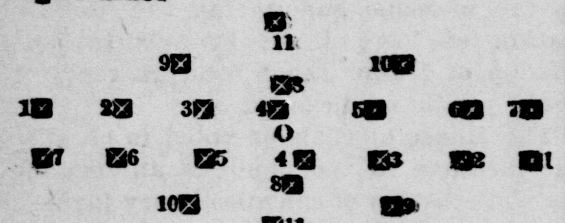

GAME OF FOOT BALL AND HOW THEY PLAY

"LINE UP" AND THE POINTS TO BE MADE.

What the Terms "Touch Down" and "Goal" Means in the New "National Game"—A Diagram of the Field and the Position the Players Are Given Thereon.

HE members of the Harvard and Janesville football teams are playing at Athletic park this afternoon. The game of football is one that Janesville people are not as familiar as they are with baseball or the late never-to-be-forgotten game of polo. Football, however, seems to be the "national game" these days so an explanation of how it is played and what "touch-downs" and "goals" are may be of interest.

The following diagram shows the regular positions of the players. The teams line up facing each other with the ball in the position O. In either team, to the right of the center is the right side.

The men are named as follows:
1 Right Ends.
2 Right Tackles.
3 Right Centers.
4 Centers.
5 Left Guards.
6 Left Tackles.
7 Left Ends.
8 Quarter Backs.
9 Right Half Backs.
10 Left Half Backs.
11 Full Backs.

The grounds are laid 330 feet long by 180 feet wide with goals at each end, indicated by frames. Half way between the goals a line is drawn. The ground on each side of this line belongs to the respective teams. The object of each team is to get the ball over the goal line at the farther end of the opponents ground, making it what is called a "touch-down."

At the beginning of the game it is chosen which shall kick off and the men on the respective sides or teams take their positions on their own ground. The kick off is made by placing the ball on the half way line and one of the men on the side which has the ball kicks it toward the goal at the end of the other teams territory. During this play the men on the defensive side are stationed all over their ground and the men of the offensive side are very near the line on which the ball rests. As soon as the ball leaves the line, the men run for it and strive for the possession of it. Whoever obtains possession of the ball is tackled if possible by men in the opposing team and brought to the ground when a "down" is called.

Secret Signals Used.
The ball is placed on the spot that it was when the down was called and the teams line up around the ball, as the above diagram shows.

From this time until a touch down is made each team uses a set of secret signals such as letters, numbers, etc. When these signals are given the one who carries the ball is designated and also the place in the line through which he is to pass. The center on the side that possesses the ball holds it as they line up and after the signals are given passes it to the quarter back. From the quarter back, the ball is passed to the one designated to run with it and the rest of the team proceed to guard the runner and keep the opposing team from tackling him. When the runner is tackled and can not gain any more ground a "down" is called and the teams line up again.

These runs are made in all places especially where the best show is for breaking through the opponents line. For instance the signals may call for the B. H. Back to take the ball around the Left End or perhaps between two of the men in the line.

All Work Together
As soon as the signals are given, every man in the team knows what play is to be made and works to assist in making it. The side in possession of the ball retains it until three downs are called, and longer if a gain of five yards is made. If five yards are not gained the other team gains possession of the ball.

In opposing each other no one is allowed to take hold of any other player except the one in possession of the ball. In case of such a play it is

called a foul and the opposing team is entitled to a benefit, as is the case in all fouls made in different ways. As soon as a goal is reached and a touch down made it scores four; the side making such touch down takes the ball back a suitable distance and kicks it over the goal. If this is successful it scores two. Then the ball is returned to the losing side and another kick off is made as in the beginning.

At the end of the first half, a time agreed to by the teams, a rest is taken and in resuming the teams change sides on ground and proceed as in the beginning. When the second half has continued as long as the first, time is called and the team scoring the most points is victorious.

THAT PRIZE FIGHT AT BELOIT

"Adam Biggie" Is Now Known the World Over
The Rockford Register-Gazette, which paper, along with a number of other excellent family journals—including The Gazette—fell into the "Adam Biggie" joke, through the mis-spelling of the name of that illustrious gentleman, comments on the fact that the prize fighter lives at Beloit and, says:

"But Adam fooled the world, except the papers that are too sleepy to be 'in' on a piece of generally circulated news and who never pay a dollar for telegraph tolls. Even the people of Beloit were taken in. The name was telegraphed from that city to Rockford as Adam Biggie last Saturday afternoon, and accordingly there was no 'tumbling' to the fake here, until the article from the Beloit Free Press, signed Adam Biggie, was seen. In the meantime the Beloiters, a large majority of whom had been taken in on the clever lie, were busily engaged in kicking themselves. Then the Janesville papers, who are always on the lookout for live news, and whose correspondents at Beloit had been fooled, commenced to kick themselves. The Chicago papers fell into the trap and spread the news far and near about Adam's big offer. The New York papers caught the fever, and they are coming into local newspaper offices laden with diagrams of No-Man's Island, and stating Adam Biggie's princely offer. The San Francisco papers will soon be in, laden with the startling news and in fact from one sea to another the hoax has caught the sharpest men."

The Rockford papers, as soon as the story was printed, interviewed the county officials who gave elaborate legal opinions, while the officers told how doubtful they were of being able to stop the fight.

C. F. RANDALL A GOOD LEAF MAN.

Edgerton Reporter Says He Knows the Business from "A to Z."

In speaking of tobacco and the trade therein, the Edgerton Tobacco Reporter says: "The best sale of the '93 tobacco crop coming to our notice was made last week by C. F. Randall, of Janesville, who sold 63cs of his own raising at 13 cents, marked weights. On his '90 crop Mr. Randall got the banner price, 17c. He is one of the best handlers, making the business a careful study and invariably gets the top price for his product. Fancy lots though they often have to be carried for some time, usually finding a purchaser that will give the price demanded."

SHIPMENT OF HEAVY HORSES

Sent By Local Shippers to the Michigan Lumber Camps

A car of heavy draft horses was shipped to the northern peninsula of Michigan yesterday afternoon by Charlton & Dawson. There was nothing unusual about this, but what interested the stockmen was the weight of the animals. They were nearly of a uniform size, and one was weighed that tipped the beam at 1,940 pounds. They were all sold to lumbermen on peninsula, where they will be used in the lumber camps.

COLLEGE CLASS WAR MADE POLICE WORK

LIVELY RIVALRY OVER THE FRESHMEN'S BANQUET.

Sophomores Rolled The Younger Men In The Mud and Black Eyes Followed—The Banquet Eaten Despite the Opposition—Rumpus Was a Rough One.

HE services of Chief of Police Acheson were required, last night, to keep the members of the sophomore and the freshmen classes of Beloit college from doing more than blacking each others eyes.

The freshmen tried to hold their class banquet at Beloit some days ago, but the sophomores prevented it. This did not daunt the first year class and they decided to come to Janesville and spread their feast at the Grand Hotel. They were not quite sure that the sophomores would not interfere, however, so a contract was made with Landlord Sweeney whereby he was to get his pay whether the spread was eaten or not, and last night was the date of the event. The freshmen came up in five wagon loads and gave their class yell with a defiant infection. Not a sophomore was in sight, so they thought they had things all their own way.

But they did not. The sophomores had gotten wind of the move and arrived here before their younger classmates.

Loked Like a Free For All.

When the freshmen's caryalls rolled into Janesville, four athletic sophomores were in the crowd who heard them cheer and they gritted their teeth. When conductor Dower's train arrived; another delegation came and things began to look squally. The sophomore "smelling committee" located the banquet table and the door-ways by which it was reached. Then they laid plans to "lose" as many of the freshmen as possible and break up the merry-making. On Milwaukee street, near the corner of River, they met Bob Childs, a freshman. All four jumped on him. One of the attacking party was Child's brother, a sophomore. One of the sophs got the freshman by the legs; another seized him about the arms and the other two just "piled on." Freshman Childs went down in the mud. People ran from all directions, thinking a free-for-all was in progress. Chief of Police Acheson saw the crowd gathering, and he, too, ran. When he got there he pushed his way through the people.

Wanted Police Protection

"I call for police protection" yelled Childs as he squirmed about under the pile. Then Chief Acheson took a hand and stopped the fracas. It was a grimy quartette that got up when he ordered them to. Mud covered their clothing and Childs had a beautiful black eye, which had been presented to him by his brother.

"Come with me" said Chief Acheson and Childs "came."

"Can you run?" asked the chief when they got around the corner.

"Give me a chance and see" said Childs, who is a member of the football team.

"Cut," said the chief and Childs flew up the street.

In the meantime word had reached the hotel and a delegation of freshmen came down the street on the run to rescue their class mate, but they arrived too late.

"Why didn't he leave them to us?" one of them asked when he learned that Chief Acheson had rescued Childs.

Another Row Later On.

Then the trouble on River street was at an end, but the seat of war was simply transferred to the Grand Hotel. When the freshmen and their ladies came down stairs to enter the dining room, the signal was given and the sophomores made a rush through the side door. Bell Boy George Clark was showing the freshmen the way down and he was the first man to reach the foot of the stairway. The sophomores grabbed Clark and hustled him across the street before they discovered their mistake. In the mean time another delegation had mistaken Landlord Sweeney for a freshman. In this they were also mistaken. As they lifted him off his feet, he punched them right and left.

"Go and get Hogan" he called to Clark who had just returned, but a sophomore buckled into Clark and he couldn't get away. The ladies of the class cheered the freshmen on, and they finally put the sophs to rout. Then the banqueters sat down.

Vile Smelling Chemical Used.

One of the dining room windows was open, and as Landlord Sweeney tried to shut it, a sophomore shied a bottle of vile smelling chemical into the room. The bottle broke and the odor expanded. Dr. Q. O. Sutherland, whose son, Charles Sutherland, is the president of the freshman class, was present and applied a counter irritant to the odor that soon overcame it. After the banquet, which was perfect in all details had been served, Toastmaster Sutherland called for the following toasts:

Class of '95.....Miss K. J. Mills
Our Girls.....Miss L. N. Sikes
Our Boys.....Miss E. B. Whitney
Class Poem.....David Dewey
Euclid, Our Poet.....Miss D. M. Bell
The Cottages.....Miss C. F. Munsey
The Freshmen in Athletics.....J. R. Houston
Alma Mater.....A. B. Eaton

hotel after the banquet, and prevented the sophomores from carrying out a plan to steal the freshmen's teams, although it kept him guessing until 1 o'clock a. m. Thus the trouble came to an end, but what happened on the way to Beloit and after they arrived at the Line City, deponent sayeth not, although he predicted all kinds of trouble.

The Next Attraction

When the comedy actor and sweet singer, Charles H. Hopper, appears here at the Myers Grand on Wednesday, Oct. 23, we may anticipate a treat indeed, for the "Vale of Avoca," the romantic comedy-drama of which he becomes the dramatic hero, is different in every respect from the customary incongruities to which are usually treated under the guise of Irish humor; moreover the star is a singer of exceptional merit, and has everywhere attracted, for that very reason, ladies and children in large numbers.

CANDIDATE FOR GOVERNOR.

Vermont's Great Statesman Recommends Dr. Greene's Nervura To All.

He Says Dr. Greene's Nervura is a Wonderful Medicine. It Surely Cures the Weak, Tired and Nervous.

HON. T. S. MCGINNIS.

Hon. T. S. McGinniss, of Jericho, Vt., the war horse of the democratic party, is Vermont's silver-tongued orator, and always and ever commands the respect and attention of the people. He ran at the last election as the people's candidate for governor. Such is the high standing of the man who, out of his own experience, advises you to use Dr. Greene's Nervura blood and nerve remedy.

"We have used Dr. Greene's blood and nerve remedy in our family," he says, "and think highly of it. We could plainly see that it had the desired effect upon Mrs. McGinniss, and firmly believe that, could we have persuaded her to use the medicine it would have cured her entirely from her extremely nervous condition, but she was greatly benefited as it was. "We have used it in our family with good results and have recommended it to our friends and know of many who have used Dr. Greene's Nervura blood and nerve remedy with the best results. I do not hesitate to recommend the medicine to all. It is a wonderful medicine."

It must indeed be a great medicine which can call out such strong

words in its praise as this recommendation of this honored statesman, for all to use Dr. Greene's Nervura blood and nerve remedy to be cured. But it is a fact that doctors, statesmen, scholars, preachers, druggists and the people everywhere, unite with one voice in pronouncing this greatest curer of disease ever known. The week, the feeble, the nervous, the run-down and debilitated, the sufferers from pure blood, rheumatism, despondency, kidney and liver disease, all are restored to health and strength by its marvelous curative powers.

It is not a patent medicine, but the prescription of the most successful living specialist in the curing of nervous and chronic diseases, Dr. Greene, of 35 West 14th St., New York City. He has the largest practice in the world and this grand medical discovery is the result of his vast experience. The great reputation of Dr. Greene's is a guarantee that his medicine will cure and the fact that he can be consulted by any one at any time free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

This inanimate pilot is always open to engagements and you can find him at any drug store. His name you know—JOHANN HOFF'S MALT EXTRACT.

DuBois, Pa.

I have prescribed JOHANN HOFF'S MALT EXTRACT quite a number of times, always with marked success in every case. It has always been well borne by the stomach. In one case, the nervous system being entirely debilitated and the patient quite anemic, it worked wonders in a short time. In convalescence from influenza, especially elderly women, it has helped to put them on their feet quicker than anything I have ever used before.

Tied for a New World's Record.
Denver, Col., Oct. 19.—For the second time in history a record will be entered on the slate as belonging to two men by right of might. At the second day's races of the Denver Athletic club yesterday, Edward "Cannon" Bald and Charley Murphy rode a dead heat in the mile invitation race, and that in time three and one-fifth seconds faster than the record made at Chicago last August of 1:53 2-5 by Bald.

Cake walk for blood.
Moorestown, N. J., Oct. 19.—Five negroes were shot during the progress of a cake walk at Fellowship, a small village on the outskirts of this town, about midnight last night. The injured are: Mrs. Silas Wessels, shot in thigh; probably fatally injured; Charles McKinn, shot in leg; Allen Jones, shot in leg; George W. Croer, shot in leg; James Hargett, shot in left hip.

Trial Trip Successful.
Boston, Mass., Oct. 19.—The battleship Indiana finished her trial trip at 2:22:50 yesterday, having averaged 15.61 knots. The trial was a perfect success in every respect.

Colonel James Elected.
Buffalo, N. Y., Oct. 19.—The Union Veteran Legion has elected Colonel George C. James of Cincinnati national commander.

Lowell's clothing sale started off this morning. Hundreds of people have already visited The Annex and taken advantage of a clothing sale such as has never before been seen in the city. Clothing made by a firm like Clement, Bane & Co., needs no recommendation. The label on the garment is sufficient. Every suit and overcoat is new and came two days ago from the factory direct. Our reputation is staked on the quality and the extreme low prices of the goods. We say honestly that the entire lot must go in thirty days and fifty cents on the dollar half the factory cost will move the stock quickly. It must be done, the goods are not shoddy or shelf worn, but well made in every particular. The 6,500 pair of shoes are still going, we are making prices that are unknown to the past and will be historical in the future. Don't fail to come to the Annex today. Lowell's Annex.

Great Clock Sale

The representative of the leading clock manufacturers of New York will be at our store Friday and Saturday October 25 and 26, with a full line of samples, comprising all the latest and most proper styles in ladies' winter cloaks. We place on sale also, on this occasion, the following lots of cloaks for ladies, misses and children:

100 ladies' cloaks.....\$ 39
150 ladies' cloaks..... 95
350 ladies' cloaks..... 2.90
100 misses jackets..... 2.90
175 children's cloaks..... 2.90
125 ladies cloaks..... 4.85

As this is the last town in which these stylish garments will be displaced, the agent will sell any cloak in his line at about half the cost of manufacture. T. P. Burns, Janesville, Wis.

STARVING.

In the Midst of Plenty.

That's what people with poor digestion are doing every day. They have no appetite, or if they do have an appetite and eat what they require it does them no good because the stomach does not digest it and the fermenting mass of food becomes a source of disease, of headaches, sleeplessness, languor and the thousand and one symptoms resulting from disordered digestion. Stuart's Dyspepsia Tablets promptly relieve and cure all forms of indigestion. They have done it in thousands of cases and will do it in yours. The reason is simple. Because they digest the food whether the stomach works or not. That's the whole secret and the only secret about Stuart's Dyspepsia Tablets for we tell you plainly just what they contain because we believe that every man and woman ought to know what they are putting into their stomachs.

Stuart's Dyspepsia Tablets contain the freshest, purest pepsin, free from animal impurities, combined with bismuth and the most valuable vegetable essences and fruit salts, making it not only the surest cure for stomach troubles but a perfectly safe, reliable preparation. Sold everywhere by druggists at 50 Cents per package or sent direct by mail by Stuart Co. Marshall, Mich.

EDWARD KING FREED BY THE JURYMEN

BELOITMAN ON TRIAL FOR ALLEGED BURGLARY.

Case Went to the "Twelve Good Men and True" Late This Afternoon—Walter Murry Admits Cutting Fisher at Beloit—E. J. Chesebro Arrested On a Grave Charge.

Edward King's fate rests with a municipal court jury but at 4 o'clock they had not yet decided whether or not he was guilty of burglary.

At 4:40 o'clock, however, they brought in a verdict of not guilty and King was discharged.

King was charged with robbing a beer warehouse at Beloit and the trial was concluded at 3:30 o'clock and the twelve men retired. District Attorney Jackson prosecuted and John V. Norcross defended.

Walter Murry, the Beloit colored man who is charged with committing an assault with intent to kill T. J. Fisher a college student, was brought before Judge Phelps in the municipal court this morning. Upon his affidavit of destitution, the court appointed J. W. Bates to defend him and when District Attorney Jackson filed an information charging him with the offense named, Murry pleaded guilty. The court thereupon convicted him but reserved sentence until Monday morning at 10 o'clock.

Murry is the man who cut Fisher at Beloit during a quarrel, as it is alleged, the result of jealousy. The row occurred at Beloit some days ago and Murry has since been in jail in default of bail.

E. J. Chesebro, of Fairfield, was arrested by Officer Wallace Cochran this morning on a warrant issued on a complaint made by Joan B. Munroe, which charged Chesebro with assaulting Munroe with intent to do great bodily harm. Chesebro made no answer when the complaint was read to him in the Municipal court this morning and by consent of the parties, the case was adjourned until October 30, at 10 a. m., Chesebro furnishing a surety in the sum of \$350 to appear on that day. District Attorney Jackson appeared for the state and Winans & Russell for the defendant. The fight that caused Chesebro's arrest was the one spoken of in last night's paper. Munroe claiming that Chesebro struck him with a stone, breaking his nose.

DARKENED BY DEATH'S PALL.

Mrs. George Ashley, Into the sleep that knows no waking, Mrs. George Ashley dropped at 10:55 o'clock last night and almost before the family knew the end had come, her spirit was mingling with the blessed, so peacefully did she pass away. Mrs. Ashley had been ill for some time although it was only during the last week that she had been compelled to take to her bed. Yesterday afternoon she had a sinking spell from which she could not rally. Mrs. Ashley was thirty nine years of age and was a member of the First M. E. church and the Daughters of Rebekah and was a woman beloved by all who knew her. Besides her husband she leaves two children of her own, a boy aged nine and a girl aged six as well as two step children; an aged father, E. H. Bonesteel, who made his home with her; one brother, W. H. Bonesteel of this city, and two sisters, Mrs. Lorenzo Nichols, of Kaukauna, Wis., and Miss Delilah Bonesteel, of this city. To them tender sympathy will be extended in the hours of their deep affliction. The funeral will be held at 2:30 o'clock Monday afternoon from the house, corner Eastern avenue and Armour streets.

ASPARAGUS ENDORSED.

USE OF ASPARAGUS IN MEDICINE OFFICIALLY RECOGNIZED.

Eminent French Physicians Have Found It Valuable—What the "U. S. Reports" Says About Sparagus Kidney Pills and Their Curative Powers.

Asparagus is a kidney tonic. It builds up and invigorates the kidneys, and cures them from the effects of injurious, overwork, etc. Doctors agree that Asparagus is good for the kidneys, but no strong extract with all the medicinal properties had been prepared until Dr. Hobb prepared it from the roots by a special process of his own.

He found this so successful that he made it up into pills, with some few other ingredients and used them in his private practice for years.

This was the origin of Dr. Hobb's Sparagus Kidney Pills.

French physicians of repute have carefully tested asparagus in all kidney troubles and consider it of great value.

Now the United States Health Reports, Vol XXIV, No. 2, has this to say about Dr. Hobb's Sparagus Kidney Pills:

"Dr. Dio Lewis said: Nineteen diseases out of twenty originate from diseased kidneys and those who have made pathology a study will agree with this eminent physician that where the kidneys fail to perform their functions in any way the whole system becomes enervated and the body diseased. When the kidneys fail to perform their wonted task, effects and injurious matter is carried to all parts of the body. Through a mistaken diagnosis these symptoms are often pronounced separate and distinct diseases, but as a matter of fact they can only be cured by remedies that reach and relieve the overworked kidneys and strengthen them, so that they can successfully act their part as cleansers of the body, thereby insuring regularity, strength and good health throughout the entire system.

Among all the remedies claiming to perform this much desired result, and which have been investigated by the compilers of these Reports, it has been found that while there was much to commend there was much to be desired. It is, therefore, with more than ordinary pleasure, after a most painstaking investigation, and a long and careful examination of the results achieved by the remedy placed upon the market by the Hobb's Medicine Co., known as Dr. Hobb's Sparagus Kidney Pills, that we pronounce this preparation a kidney remedy par excellence, and one that will speedily and effectually cure all diseases of the kidneys, whatever their origin or name, or however chronic or deep-seated they may be.

"During a quarter of a century of journalism, during which time we have exercised a watchful care over many of the preparations having for their object the cure of kidney diseases, we have never come across a preparation of such merit as Dr. Hobb's Sparagus Kidney Pills."

By eating asparagus a slight effect is had on the kidneys, but the greater part of the curative property of the plant is not absorbed and goes to waste.

The extract of Asparagus, however, as prepared by Dr. Hobb contains all the active curative elements so prepared that they are at once absorbed and do their work of curing the kidneys without waste or loss.

Dr. Hobb's Sparagus Kidney Pills cure all kidney diseases and all blood diseases, such as Rheumatism, Gout, Neuralgia, Anaemia, etc.

They will cure when other remedies will not even relieve.

For sale by all druggists, or mailed prepaid for 50 cents a box.

Write for valuable pamphlet "A Filter for Your Blood," free on application to Hobb's Medicine Co., Chicago or San Francisco.

The Present Generation
Lives at telegraphic speed—eats too fast, retires too late, does not rise betimes, smokes and (alas that we should have to say it!) chews too much tobacco. The consequences are dyspepsia, a general absence of that robust and manly vigor which characterized our ancestors, and a manifest proneness to early decay. Regular hours, a due allowance of time for meals, the disuse of excessive smoking, and altogether of chewing tobacco, in connection with a course of Hostetter's Stomach Bitters. Bitters will in nine cases out of ten efface consequences of the abuses of the laws of health indicated above. A want of stamina, dyspepsia, nervousness and biliousness are among these consequences, and they are bodily ills the removal of which the Bitters is specially adapted. Nor is the Bitters less fitted to over come and prevent fever and ague, kidney and bladder troubles and rheumatic ailments. It is also a fine appetizer and promoter of convalescence.

Homeseekers' Excursion for October.

Tickets will be good for return on specified dates up to November 12.

STATE OF WISCONSIN—COUNTY COURT FOR ROCK COUNTY. In Probate. Notice is hereby given that at a regular term of the County Court to be held in and for said county at the Court House, in the city of Janesville, in said County, on the first Tuesday, being the fifth day of November, 1895, at 9 o'clock, a. m., the following matter will be heard and considered.
The application of Ellen M. Johnson for the appointment of an administrator of the estate of Herman E. Johnson, late of the city of Janesville, in said county deceased.—Dated October 11, 1895.
By the Court,
J. W. SALE, County Judge.

Horrible Fate.
"The girl stood on the sinking ship
And burned—oh, horrible fate!
She stood too long in front of the glass
To see if her hat was straight."
—Atlanta (Ga.) Herald.

Comment by Referee.—Youse felley makes me tired. This ain't no waltz quadrille, and I ain't callin' no fancy figures neither. If you don't fight squarer I'll chew both of ye.—Life.

Not Afraid Now.
"Let's cross the street—I want to walk past that fellow over there."
"Who is he?"
"Fellow I paid fifty dollars to yesterday."—Chicago Herald.

A Proposition.
Agent—Can't I do something with you in the way of life insurance?
Isaacs—Vell, your gompany might send me a supply of plotting paper.—Brooklyn Life.

Not by a Long Shot.
Fall many a flower may blush unseen,
For what we cannot say,
But the maiden fair of sweet sixteen
Could never blush that way.
—Bay City Chat.

Yes, Indeed!
Bixby—What idiots girls are when they imitate the men!
Marie (flattered)—Do you think so? That proves how excellent the imitation is.—Puck.

Too Long.
"Why have you given up your engagement with Miss Long?"
"On account of her past."
"What?"
"Yes; it is too long."—N. Y. Journal

Current Fun.

She (indignantly to caller who is in the midst of a story just a bit Frenchy)—Sir, I insist on it, not another word of that story—besides, I have heard it before.—Plying the Blatter.

It's just as easy to try One Minute Cough Cure as anything else. It's easier to cure a severe cough or cold with it. Let your next purchase for a cough be One Minute Cough Cure. Better medicine; better results; better try it. C. D. Stevens.

Cotton States and International Exposition at Atlanta, Ga.
For the above event the Chicago, Milwaukee & St. Paul Railway will sell excursion tickets from Sept 15 to Dec. 31, 1895, good for return until and including Jan. 7, 1896. The rate of round trip will be 75 per cent. of double lowest first class fare.

It is a truth in medicine that the smallest dose that performs a cure is the best. Dr. Witt's Little Early Risers are the smallest pills, will perform a cure, and are the best. C. D. Stevens.
